

LTT Ommen (NL), 8 - 10. March 2023

Day 1 – Wednesday, March 8

The first Learning, Teaching, and Training (LTT1) session of the SAVLAR project started with a **welcome session for teachers who arrived the day before**, including a surprise activity to set the tone for the event.

After **lunch at the school restaurant "Tast Toe"**, the group participated in a **tour of the "Techniekplein"**, where students demonstrated **XR (Extended Reality) applications** and various technical projects in action.

This was followed by a **general welcome session**, allowing participants to get to know each other before starting the first training session.

The afternoon training, held in the **Techlab**, introduced participants to **XR technology**. This interactive session allowed attendees to experience **XR devices firsthand** and explore their potential applications in education.

The day concluded with an **informal drink and dinner at Tast Toe**, fostering networking and discussions in a relaxed setting.

Day 2 – Thursday, March 9

The second day began with a **training session in the PSO technical classroom**, focusing on **Trimble Connect**. Participants received an introduction to the platform and had the opportunity to **practice using its features**.

During **lunch at Vechtdal College**, the group took a short **walk along the river Vecht**, offering time for informal exchanges and reflections.

In the afternoon, the focus shifted to **evaluating the online course**, where participants critically analyzed the course content and provided **feedback** for further refinement.

The rest of the afternoon was reserved for **free time**, followed by a joint **dinner**, allowing for continued discussions in a more informal setting.

Day 3 – Friday, March 10

On the final day, the group traveled to **Vechtdal College Ommen** for the last training session. This session focused on **practical applications**, allowing participants to apply their learning from the previous days.

The LTT activity concluded with a **final evaluation session**, where participants shared their insights and reflections on the training. This was followed by a **farewell lunch at the school restaurant**, marking the official end of the event.
